CLUSTER

Clusters may be made up of any number of dc or tr as the directions specify. The clusters used for this patttern are 3 dc (see picture below) and 2 dc clusters.

Each cluster is made up of 2 (3) dc in one stitch. Do only the first half of each dc so that the last loop of each dc is held back on the hook. When there are four loops on the hook, yarn over and draw through all loops on hook at one time. Ch 1 to fasten.

I am published knitwear and crochet designer, specializing in children's clothing. In the past four years, I've created over 140 designs and have sold hundreds of custom made items online. Thanks to the requests of many customers, I started working on patterns for my designs last year. I'm really feeling that this is the direction to take, and I am completely hooked! Listed above are the patterns that are available so far, and I hope to write many more for my older designs, as well as for new designs. I hope that you will enjoy my patterns as much as I have enjoyed designing and writing them for you.

Please feel free to visit my website (http://mylittlecitygirl.com) to learn more about me and to locate stores where my patterns are sold.

Sincerely yours,
Alla Koval
